Description

Companion to the major new BBC documentary series CIVILISATIONS, presented by Mary Beard, David Olusoga and Simon Schama. The idea of 'civilisation' has always been debated, even fought over. At the heart of those debates lies the big question of how people - from prehistory to the present day - have depicted themselves and others, both human and divine. Distinguished historian Mary Beard explores how art has shaped, and been shaped by, the people who created it.
